Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive ☺ But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 Top-folding card base
- 1 Watercolor panel
- 1 Sentiment
- 1 Light blue card stock panel
- 1 Plain white card stock panel
- Embellishments
- 1 Foam panel
- Foam squares
- 1 Coordinating envelope
- *1 mailing liner
(mailing liner, only needed if you mail your card)**

Let's Begin!

We'll construct the card front first.

You will need the watercolor panel, the sentiment, the foam panel, the foam squares, and embellishments.

1. Adhere the foam panel to the back of the watercolor panel and then adhere that to your card front.
2. Use foam squares to adhere your sentiment
3. Adhere the gem embellishments. I use a small amount of strong liquid glue for this

Now let's decorate the inside of our card!

1. Adhere the blue panel to the inside of your card and leaving an even border of white showing along each edge.
2. Next adhere your white panel on top of the blue one leaving an even border of blue showing along each edge.

And you did it!

Thank you so much for crafting with me!
