## Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive ☺ But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 White card base
- 1 Leaf pattern paper
- 1 Small green card stock
- 1 Large green card stock
- 1 White card stock panel
- 2 Green hearts
- 1 White heart embellishment
- 1 Love you sentiment
- 2 Green elephant die cuts
- 3 Three peach elephant die cuts
- 1 Foam square
- 1 Mailing liner
- (mailing liner, only needed if you mail your card)
- 1 Coordinating envelope\*

Let's Begin!

We'll construct the card front first.

You will need the leaf patterned paper, the small green card stock, 2 green elephant die-cuts, 3 peach elephant die-cuts, the love you sentiment, the white heart embellishment, and the foam square.

1. Assemble the elephants.
  - a. Adhere the peach body shadow behind the mama elephant piece.
  - b. Fold the baby elephant over so that it sits in front of the mama.
  - c. Glue the peach baby elephant to the front of the green baby elephant. (Be cautious with the baby elephant's tale)
  - d. Glue the full green mama head to the peach head shadow. Make sure the trunk is curled to the left.
  - e. Fold the elephant head toward the baby at the neck.
  - f. Apply glue to the folded part of the mama head, then adhere the layered mama head. This will leave the left ear free.
  - g. To finish, carefully tuck the baby elephant trunk into the mama trunk.
2. Adhere the leaf panel towards the top of your card base, leaving an even border of white showing along the edge.
3. Adhere the small green panel over the leaf panel, aligning it with the even border of white along each edge.
4. Adhere the elephants to the front of your card.
5. Adhere the love you sentiment and white heart embellishment to the front of your card.

## **Now let's decorate the inside of our card!**

1. Adhere the large green cardstock panel to the inside of your card, leaving an even border of white along each edge.
2. Adhere the white cardstock panel onto the green cardstock panel, leaving an even border of green along each edge.
3. Finally, add green hearts for decoration.

**And you did it!**
