Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive ☺ But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 White Card base
- 1 White Strip panel
- 7 Colored paper strips
- 1 Set of Dog die cut pieces
- 1 Stamped sentiment
- 1 Teal panel
- 1 Turquoise paper strip
- 5 Clay heart embellishments
- 4 Paper heart embellishments
- Foam Strips
- 1 Mailing liner
(mailing liner only needed if you mail your card)**
- 1 Coordinating envelope*

Let's Begin!

We'll construct the card front first.

You'll need the Card base, the white strip panel, the 7 colored paper strips, the dog die cut pieces, the stamped sentiment, the clay heart embellishments and the foam squares.

1. First, adhere the white strip panel to the front of your card base making sure to leave an even border of white showing along each edge.
2. Next, adhere your 7 paper strips inside the open spaces. See example picture for placement ideas.
3. Now let's put our dog die cut together. You will adhere all of the pieces to the die cut backing.
4. Start by adhering the gray piece first. I recommend using a light application of liquid glue so you have time to adjust it if needed.
5. Next you will glue the 2 white pieces in place.
6. Now add the white nose piece and then the black one on top of it. This just gives a little dimension to the nose....so it's super cute!
7. Finally glue the eyes in place and it's done!
8. Add foam squares to the back of your dog die cut and adhere him to the front of your card. See example picture for placement ideas.
9. Now add foam squares to the back of your sentiment and adhere it to your card front.
10. Finish decorating the card front with the clay heart embellishments.

Now let's decorate the inside of our card!

1. Adhere the turquoise paper strip to the bottom of the teal panel.
2. Add the paper hearts for decoration.
3. Now adhere this panel to the inside of your card.

And you did it!
