Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive ☺ But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 White Card base
- 1 White Strip panel
- 7 Colored paper strips
- 1 Set of Cupcake die cut pieces
- 1 Stamped sentiment
- 1 Light pink panel
- 1 Dark pink paper strip
- 2 Gift die cut pieces
- Sequins
- Foam Strips
- 1 Mailing liner
(mailing liner only needed if you mail your card)**
- 1 Coordinating envelope*

Let's Begin!

We'll construct the card front first.

You'll need the Card base, the white strip panel, the 7 colored paper strips, the cupcake die cut pieces, the stamped sentiment, the sequins and the foam squares.

1. First, adhere the white strip panel to the front of your card base making sure to leave an even border of white showing along each edge.
2. Next, adhere your 7 paper strips inside the open spaces. See example picture for placement ideas.
3. Now let's put our cupcake die cut together. Begin by adhering the white frosting to the pink frosting background.
4. Next, using small dots of glue or a dot roller, adhere the dark blue wrapper piece to the light blue wrapper background. The points at the top should align. If not, you might have it backwards.
5. Now add a small amount of adhesive to the bottom edge of the white frosting and adhere your layered wrapper die cut on top of the frosting.
6. Next, adhere your red and white striped piece to the white candle die cut.
7. Now adhere the bottom of the candle to the back of the frosting so it appears to stick down in the frosting :)
8. Add foam squares to the back of your cupcake die cut and adhere him to the front of your card. See example picture for placement ideas.
9. Now add foam squares to the back of your sentiment and adhere it to your card front. Finish decorating the card front with the sequins. I use small dots of liquid glue when adding sequins.

Now let's decorate the inside of our card!

1. Adhere the dark pink paper strip to the bottom of the light pink panel.
 2. Adhere the dark pink bow to the center of the yellow gift die cut, then adhere the gift to the pink panel.
 3. Now adhere this panel to the inside of your card.
- And you did it!**
