

Kit # 134

Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive ☺ But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 White card base
- 1 Blue inked panel
- 1 Patterned green grass die cut
- 3 Cloud die cuts
- 1 Stamped sentiment
- Clothesline die cuts:
 - 2 pairs of socks with accent tops,
 - 1 bib with flower accent,
 - 1 onesie with heart accent,
 - clothespin pieces,
 - clothesline
- 1 Teal ground die cut
- 1 Basket and fabric die cut
- 1 Coordinating envelope*
- 1 Mailing Liner**
(mailing liner only needed if you mail your card)

Let's Begin!

We'll construct the card front first.

You'll need the inked background panel, the green grass die cut, the 3 clouds, the stamped sentiment and the clothesline die cut pieces.

1. Begin by building your clothing pieces. I recommend laying them all out before you begin to glue them down. Using small dots of glue, adhere the sock toppers to the sock die cuts. Make sure to have the pieces going in the right direction. Now adhere your flower to your bib and your heart to the onesie.
2. Now it's time to build your scene. Adhere your green patterned grass die cut at the bottom of your blue background panel. There will be excess that hangs off each end.
3. Now adhere your clouds to your blue background panel. Turn your panel over and trim off any excess so you have straight edges. See example picture for placement ideas.
4. Next adhere the clothesline.
5. Now add all of the baby clothes. Arrange them on your background panel for design placement first. Once they are right where you want them, use small dots of a strong liquid craft glue and adhere them to your panel.
6. Adhere the stamped sentiment to your panel.
7. Finally, adhere the constructed card front to the front of your card base making sure to leave an even border of white showing along each edge.

Now let's decorate the inside of our card!

1. Adhere the Fabric die cut to the back of the basket die cut using small dots of liquid glue or a little bit of a dot runner.
2. Adhere the Teal ground die cut to the inside of your card base making sure to leave an even border of white showing along the bottom and sides.
3. Finally add the layered basket die cut for decoration.

And you did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on
instagram to share your finished product and be featured
in my story!**

*Confirm postage needed when mailing
*mailing liner is used as a barrier over the card front to protect it during
shipping
