

# Kit #153

## Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive ☺ But you can always just use what you have!

## Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

## Contents:

- 5 White card bases
- 5 Red United States die cut panels
- 5 Loving You sentiments with coordinating red backers
- 5 Merry Christmas sentiments with coordinating red backers
- 10 red stars
- 5 You sentiments
- 5 Me sentiments
- 5 Red panels
- 5 White panels
- 5 Coordinating envelopes\*
- 5 Mailing Liners\*\* (mailing liner only needed if you mail your card)

## Let's Begin!

We'll construct the card front first. Each card is constructed the same way. These instructions are for just one card. You will need a white card base, a United States die cut panel, a Loving You sentiment with red backer, a Merry Christmas sentiment with red backer, 2 red stars, and a YOU and ME sentiment.

1. To begin, adhere the United States die cut panel on to the front of the card base making sure to leave an even border of white showing along each edge.
2. Next, adhere the 2 red stars and the YOU and the ME sentiments onto the United States panel. This is for you to personalize however you choose.
3. Now, adhere the Loving You sentiment to the coordinating red backer making sure to leave an even border of red showing along each edge.
4. Adhere the Merry Christmas sentiment to the coordinating red backer making sure to leave an even border of red showing along each edge.
5. Finally, adhere the sentiments to the card front. See example picture for placement ideas.

## **Now let's decorate the inside of our card!**

1. Adhere the red panel to the inside of the card base making sure to leave an even border of white showing along each edge.
2. Now, adhere the white panel on to the red panel making sure to leave an even border of red showing along each edge.

**And you did it!**

**Thank you so much for crafting with me!  
Don't forget to use the hashtag #sandiscardscreations on  
instagram to share your finished product and be featured  
in my story!**

\*Confirm postage needed when mailing  
\*\*mailing liner is used as a barrier over the card front to protect it during  
shipping
