## Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 Navy card base
- 1 Navy squares panel
- 3 Sets Dad letters  
(plus gold half letters)
- 1 Stamped sentiment
- 1 Gold panel
- 1 White panel
- 1 Foam panel and foam strip  
(adhesive backed)
- 1 Mailing liner  
(mailing liner only needed if you  
mail your card)\*\*
- 1 Coordinating envelope\*

Let's Begin!

We'll construct the card front first.

You'll need the blue squares panel, the Dad letters, the stamped sentiment and the foam pieces.

1. Begin by adhering the white Dad letters together to create a stacked set of D, a, and d. Finish each letter with the gold half letters adhered on top.
2. Using a strong adhesive, adhere the Dad letters to the navy squares panel. Tip: Use a ruler to keep the letters aligned.
3. Use the foam strip to add the stamped sentiment to the squares panel.
4. Remove the release paper from the adhesive on the foam panel and adhere it to the square panel. Finally, add the squares panel to the Navy card base. Make sure to leave an even border of navy showing along each edge.

**That's it! Now let's decorate the inside of our card.**

1. Adhere the white panel to the gold panel making sure to leave an even border of gold showing along each edge.
2. Finally, adhere the layered gold and white panel to the inside of the card base making sure to leave a border of navy showing along each edge.

**And you did it!**
