

# Kit 196

## Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

## Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

## Contents:

- 1 White card base
- 1 White chevron panel
- 5 Chevron stripes
- 3 Sentiment die cuts
- 1 Sequins mix
- 1 Green panel (inside of card)
- 1 Mailing liner  
(mailing liner only needed if you mail your card)\*\*
- 1 Coordinating envelope\*

## Let's Begin!

We'll construct the card front first.

You'll need the chevron panel, the chevron stripes, the sentiment die cuts and the sequins mix.

1. Begin by adhering the chevron stripes in the spaces on the white panel. Some stripes will hang over the edge. Once adhered, trim any excess. TIP: The stripes will sit centered between the dashed lines. See example picture for placement ideas.
2. Next, adhere the 3 sentiment die cuts together. Offset each one to allow the color to show through. I used a liquid glue for this to allow time for adjustment. I chose to layer them white, pink, blue.
3. Now, adhere the stacked sentiment to the constructed chevron panel. It should reach from top to bottom. See example picture for placement ideas.
4. Adhere the decorated panel to the front of the card base. I recommend using a liquid glue to allow time for adjustment. It should align on each edge.
5. Lastly, use small dots of liquid glue to adhere the sequins for added decoration.

**That's it! Now let's decorate the inside of the card.**

1. Adhere the green panel to the inside of the card base making sure to leave an even border of white showing along each edge.

**And you did it!**

**Thank you so much for crafting with me!  
Don't forget to use the hashtag #sandiscardscreations on  
instagram to share your finished product and be featured  
in my story!**
