## Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

### Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

### Contents:

- 1 White card base
- 1 White panel
- 1 Criss cross die cut
- 1 'Hi' die cut
- 1 Black 'there' die cut
- 1 Sequins set
- 1 Peach panel
- 1 Black panel
- 1 White stamped panel
- 1 Foam squares- adhesive backed
- 1 Mailing Liner\*\* (mailing liner only needed if you mail your card)
- 1 Coordinating envelope\*

## Let's Begin!

We'll construct the card front first.

You'll need the card base, the plain white panel, the criss cross die cut, the 'hi' die cut, the 'there' die cut, sequins, and foam squares.

1. To begin, use a light application of glue to adhere the criss cross die cut to the white panel. It should fit edge to edge. Trim any excess.
2. Now adhere that layered panel to the front of the card base making sure to leave an even border of white showing along each edge.
3. Use the foam squares to adhere 'hi' to the layered card front.  
\*One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.
4. Next, adhere 'there' to the card front using a light application of glue. See example pictures for placement ideas.
5. To finish, use small dots of liquid glue to adhere the sequins to your card front. See example pictures for placement ideas.

**That's it! Now let's decorate the inside of the card.**

1. Adhere the white, stamped panel to the black panel. Leave an even border of black showing along each edge.
2. Now adhere that layered panel to the peach panel to create a 3 layer piece.
3. Finally, adhere them all to the inside of the card base making sure to leave an even border of white showing along each edge. See example picture.

**And you did it!**

**Thank you so much for crafting with me!  
Don't forget to use the hashtag #sandiscardscreations on instagram to  
share your finished product and be featured in my story!**
