

March Kit A

Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 White card base
- 1 Half orange inked panel
- 1 Quarter orange inked panel
- 3 Carrot die cuts
- 6 Greenery stems (3 colors)
- 1 Sentiment
- 1 Foam strip
- 1 Sequin set
- 1 Foam panel
- 1 Coordinating envelope*

Let's Begin!

We'll construct the card front first.

You'll need the half orange panel, the carrots and stems, the sentiment and coordinating foam strip, the sequins and the foam panel.

1. To begin, adhere 2 stems to the back of each carrot top. Vary the placement slightly for added interest.
2. Next, adhere the carrots to the half orange panel. See example picture for placement ideas.
3. Use the foam strip to adhere the stamped sentiment to the carrot panel. See example picture for placement ideas. *One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.
4. Use small dots of liquid glue to adhere the sequins for added decoration. See example picture for placement ideas.
5. Finally, use the foam panel to adhere the decorated card front to the card base making sure to leave an even border of white showing along each side.

That's it! Now let's decorate the inside of the card.

1. Adhere the quarter orange panel to the inside of the card base making sure to leave an even border of white showing along each edge.

And you did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on
instagram to share your finished product and be featured
in my story!**
