

April Kit B

Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 White card base
- 1 Embossed squares panel
- 2 Stamped flower die cuts
- 1 Stamped leaf die cut
- 1 Stamped sentiment
- 1 Set of clear drop embellishments
- 1 Turquoise panel
- 1 Foam panel
- 1 Mailing liner
(mailing liner only needed if you mail your card)**
- 1 Coordinating envelope*

Let's Begin!

We'll construct the card front first.

You'll need the square panel, the flowers, the leaf die cut, the sentiment (congratulations), the clear drops and the foam panel.

1. To begin, adhere the leaf die cut to the squares panel. The squares should be raised. I allowed mine to hang off the edge a bit. Trim any unwanted excess.
2. Next, adhere the flowers in the position you like best. See example picture for placement ideas.
3. Now, adhere the squares panel to the card front using the foam panel. Make sure to leave an even border of white showing along each edge.*One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.
4. Adhere the sentiment to the card front. See example picture for placement ideas.
5. Finally, using small dots of liquid glue, adhere the clear drop embellishments to the card front for added decoration.

That's it! Now let's decorate the inside of the card.

1. Adhere the turquoise panel to the inside of the card making sure to leave an even border of white showing along each edge.

And you did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on
instagram to share your finished product and be featured
in my story!**

**All instructions can be found on the Card Kit
Instructions page at sandiscards.com**

***Confirm postage needed when mailing
**mailing liner is used as a barrier over the card front to protect it during
shipping**
