

May Kit A

Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 White card base
- 1 Flower stitched panel
- 5 Flower die cuts
- 1 Set circle die cuts
- 4 Leaf die cuts
- 1 Stamped sentiment banner
- 1 Foam strip
- 1 Turquoise panel (for the inside of the card)
- 1 Mailing liner
(mailing liner only needed if you mail your card)**
- 1 Coordinating envelope*

Let's Begin!

We'll construct the card front first.

You'll need everything except the turquoise panel.

1. To begin, adhere the 5 flower die cuts and 4 leaves to the flower panel. Align them to fit into the corresponding shapes, or move them around for a different look! See example picture for placement ideas. Trim any excess. Use the trimmed pieces as extra decoration for the front or inside of the card if you want.
2. Next, adhere the die cut circles to the card. See example picture for placement ideas.
3. Adhere the decorated flower panel to the front of the card base. It should align edge to edge. Tip: Do this by fitting it along the top of the card base first. Any adjustments needed can be done along the bottom edge.
4. Finally, use the foam strip to adhere the sentiment to the card front. *One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.

That's it! Now let's decorate the inside of the card.

1. Adhere the turquoise panel to the inside of the card base making sure to leave an even border of white showing along each edge. Use the trimmed flower and leaf pieces for added decoration if you want to.

And you did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on
instagram to share your finished product and be featured
in my story!**
