Kit 201

Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

1 White card base
2 Gray panels
4 Stripes (white, orange, terracotta, dark gray)
1 White backer piece
2 Black guitar die cuts
1 Stamped sentiment
Foam strip
Foam piece
1 Mailing liner
(mailing liner only needed if you mail your card)**
1 Coordinating envelope*

Let's Begin!
We'll construct the card front first.

You'll need everything except 1 of the gray panels.

1. To begin, adhere the 4 stripes to the white backer piece. Trim any excess.
2. Next, adhere 1 gray panel to the front of the card base making sure to leave an even border of white showing along each edge.
3. Using the larger foam piece, adhere the striped panel to the front of the card. *One side of the foam is adhesive backed, you will need to add adhesive to the remaining side. I recommend a strong double sided tape or a craft glue.
4. Next, adhere the 2 guitar die cuts to the striped panel. You will first adhere the guitar outline, then add the center piece. See example picture for placement ideas.
5. Finally, use the foam strip to adhere the sentiment to the card front. *One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.

That's it! Now let's decorate the inside of the card.

Adhere the other gray panel to the inside of the card base making sure to leave an even border of white showing along each edge.

And you did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on instagram to share your finished product and be featured in my story!**

All instructions can be found on the Card Kit Instructions page at sandiscards.com

*Confirm postage needed when mailing
**mailing liner is used as a barrier over the card front to protect it during shipping
