Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 Blue card base
- 1 Black panel
- 1 White stamped panel
- 3 Cloud die cuts
- 1 White rabbit die cut
- 1 Colored rabbit die cut
- 1 Sun die cut
- 2 Flowers die cuts
- 1 Grass piece
- Foam squares
- 1 Mailing liner
(mailing liner only needed if you mail your card)**
- 1 Coordinating envelope*

Let's Begin!

We'll construct the card front first.

You'll need the black panel, the white panel, the clouds, the white rabbit and the foam squares.

1. You will work with the stamped white panel first. Use the shorter foam square to adhere the white rabbit over the stamped rabbit so that it's a pop up of the same image. See example picture.
*One side of the foam is adhesive backed, you will need to add adhesive to the remaining side..
2. Next, use the longer foam square to adhere the large cloud above the rain drops. Allow the cloud to hang over the edge for interest. Trim any excess. *One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.
3. Add the other two clouds behind the large one. See example picture for placement ideas.
4. Adhere the decorated white panel to the black panel leaving a small border of black showing along each edge.
5. Next, adhere that panel to the front of the card base. It should align edge to edge.

That's it! Now let's decorate the inside of the card.

1. Adhere the grass piece to the bottom of the inside of the card. See example picture.
2. Next, adhere the 2 flower die cuts, the sun, and the colored bunny to the inside of the card to complete the scene. See example picture for placement ideas.

And you did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on
instagram to share your finished product and be featured
in my story!**

**All instructions can be found on the Card Kit
Instructions page at sandiscards.com**

***Confirm postage needed when mailing
**mailing liner is used as a barrier over the card front to protect it during
shipping**
