

Kit #203

Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 White card base
- 1 White panel
- 1 Red panel, embossed
- 1 Tree die cut
- 1 Merry die cut
- 1 Goodie bag (6 poms, 1 star)
- 1 Red panel, plain
- Foam panel, foam squares- adhesive backed
- 1 Mailing Liner**
- 1 Coordinating envelope*

Let's Begin!

We'll construct the card front first.

You'll need everything except the plain red panel.

1. To begin, decorate the tree with the poms and star. Use a liquid craft glue for the poms and hold them in place as they dry.
2. Next, adhere the white panel to the front of the card base making sure to leave an even border of white showing along each edge.
3. Now, adhere the red embossed panel to the front of the card making sure to leave an even border of white showing along the edge.
4. Adhere the tree to the front of the card using the foam squares. Make sure to leave room for the Merry sentiment. *One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.
5. Using a light application of glue, adhere the Merry die cut to the front of the card. See example picture for placement ideas.

That's it! Now let's decorate the inside of the card.

1. Adhere the red panel to the inside of the card base making sure to leave an even border of white showing along each edge.

And you did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on instagram to
share your finished product and be featured in my story!**

**All instructions can be found on the Card Kit
Instructions page at sandiscards.com**

***Confirm postage needed when mailing
**mailing liner is used as a barrier over the card front to protect it during
shipping**
