Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 Black card base
- 2 Aqua and white panels
- 1 Black circle
- 1 White sentiment circle
- 1 Elephant die cut
- 1 Red heart embellishment
- 2 White heart embellishments
- 1 Stamped rectangle sentiment
- 1 Plain white rectangle
- 1 Foam square
- 1 Coordinating envelope*
- 1 Mailing Liner**

Let's Begin!

We'll construct the card front first.

You'll need everything except 2 white rectangles and 1 aqua and white panel.

1. To begin, adhere the white circle sentiment to the black circle. Make sure to leave an even border of black showing along the edge.
2. Next, adhere one aqua and white panel to the front of the card base making sure to leave an even border of black showing along each edge.
3. Now, adhere the elephant die cut to the bottom edge of the panel. See example picture for placement ideas.
4. Now, using the foam square, adhere the circle sentiment to the front panel. *One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.
5. Finally, using small dots of liquid glue, adhere the small red heart and white hearts to the card front. See example picture for placement ideas.

That's it! Now let's decorate the inside of the card.

1. Adhere the aqua and white panel to the inside of the card making sure to leave an even border of black showing along each edge.
2. Adhere the plain white rectangle behind the sentiment to give some dimension. Then, adhere it to the inside of the card.

And you did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on
instagram to share your finished product and be featured
in my story!**

**All instructions can be found on the Card Kit
