Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

Contents:

- 1 Black card base
- 1 Dark green leaf panel
- 1 Light green leaf panel
- 1 Butterfly goodie bag
- 1 Just breathe sentiment
- 1 Foam panel
- Small foam squares
- 1 Coordinating envelope*
- 1 Mailing Liner**

Let's Begin!

We'll construct the card front first.

You'll need everything except the light green panel and the 3 white (smallest) butterflies.

1. To begin, use the foam panel to adhere the dark green leaf panel to the front of the card base making sure to leave a narrow border of black showing along each edge. *One side of the foam is adhesive backed, you will need to add adhesive to the remaining side.
2. Use a small amount of glue to add the green and vellum butterflies to the front of the card for decoration. I recommend adding glue to the center only and then lifting the wings for added dimension. See example picture for placement ideas.
3. Next, use the small foam squares to adhere the sentiment to the front of the card.
4. Finally, add the last embellishments to your card front. I've included some white embellishments that are not on my sample card. I have added them so that you could layer them over the vellum butterflies where the glue shows from the back. Or you can use them anywhere on your card. Enjoy!

That's it! Now let's decorate the inside of the card.

1. Adhere the light green panel to the inside of the card making sure to leave an even border of black showing along each edge.
2. Adhere the remaining butterflies to the panel for added decoration. See example picture for placement ideas.

You did it!

**Thank you so much for crafting with me!
Don't forget to use the hashtag #sandiscardscreations on
instagram to share your finished product and be featured
in my story!**

**All instructions can be found on the Card Kit
