

Rudolph Tag

Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your tag elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your tag layout. Just to get an idea of how you want it to look.

Contents:

- 1 Black Tag
- 1 Patterned Tag
- 1 White square
- 1 Black square
- 1 Rudolph cutout
- 1 Red nose
- 2 Pieces of ribbon

Let's Begin!

1. Adhere the white square to the black tag.
2. Adhere the black square to the back of the Rudolph cutout.
3. Next, add the Rudolph piece to the patterned tag.
4. Now, adhere the red nose in place on Rudolph. See example picture for placement ideas.
5. Finally, add the ribbon. To do this, hold both ribbons together and fold them in half. Now one side is 4 free ends and one side is a folded end. Feed the folded end through the tag holes keeping the free ends to the front and the folded loop at the back. Next, feed the free ends through the loop at the back and gently tighten the free ends until the knot is tied.
6. Trim the ends to the length you like.

**Thank you so much for crafting with me!
