## Let's Make Beautiful Things Together

Just some info: ADHERE means to stick your card elements together using a tape runner, a double sided tape, a liquid craft glue or any combination of those. If I specify a type of adhesive, that's because the situation will work BEST using the recommended adhesive. But you can always just use what you have!

Where to Start?

First confirm you have all card elements and pre-plan your card layout. Just to get an idea of how you want it to look.

### Contents:

- 1 White card base
- 2 Blue panels
- 1 Hat set - red hat, white brim, white pom
- 1 Tan face
- 1 White beard and mustache
- 1 Red "body" triangle
- 1 Goodie bag - includes Joy word and backer, eyes, brows, cheeks, nose, holly leaves and berries
- Foam strips
- Foam squares- to be used with JOY
- 1 Coordinating envelope\*
- 1 Mailing Liner\*\*

Let's Begin!

We'll construct the card front first.

You'll need everything except the 2nd blue panel.

1. Construct the hat by using the foam strips to adhere the white brim to the bottom of the red hat piece. Then use some of the foam strip adhesive to attach the white pom to the tip of the hat. See example picture for placement help. TIP: The foam strips can be cut and shaped to any size needed for your project.
2. Next, fit the tan face piece behind the top of the beard piece. The tips of the beard will fit high on the face. Adhere it in place.
3. Add the mustache to the face, adhering it with the foam strip adhesive
4. Now, adhere the constructed hat to the face. Take care not to sit it too low, you'll need room for his expression.
5. Empty out the goodie bag being VERY careful to find the 2 tiny eyebrows, 2 black eyes, 2 pink cheeks and 1 pink nose. Use those to make up the Santa face. See example picture for placement ideas.
6. When the Santa head is ready, use foam strip adhesive to adhere the face/beard to the top of the red "body" triangle. TIP: Adhere it straight up and down, then when you add it to the blue card front panel, tilt him at an angle for added interest. Adhere the santa to the blue panel and trim the excess. See example picture for placement ideas.
7. To decorate the Santa, adhere the 2 holly leaves and 3 holly berries to the Santa hat.
8. Finally, adhere the black Joy word to the white backer, take care not to forget the dot to the "i". Using the foam squares, add it to the card front.

**That's it! Now let's decorate the inside of the card.**

1. Add the remaining blue panel to the inside of the card making sure to leave an even border of white showing along each edge.
